BROCHURE

About Us

Sai Global Kids School with CBSE Curriculum is imparting high standard education at Puri having started by a renowned educationist, lawyer, journalist and social worker Late Prafulla Chandra Mishra in the year 2016 which was named and styled as Global Kids School has now reached a new height of Academic, Excellence with the active support of many educationist and social activists of Puri.

The school building and other infrastructure are provided by the parent society Srihetra Chintan Chakra having a management to control for smooth functioning of school. Now the school is full-fledged Pre-school providing all facilities which is unique in Puri town. The students are encouraged and prepared by a team of dedicated and qualified teachers to excel not only in academic but also in the field of sports, yoga, dance and music and other branches of physical, mental and moral education. The school is famous for imparting education with minimum cost in comparison to other English medium school at Puri town for which the management has decided to extend and open Std.1 & Std.2 in the year 2020 to give respect the demand of the public. The teachers and staffs are encouraged and assisted by the Governing Body for smooth administration and better management. The school functions in a cordial atmosphere with continuous interaction of parents and teachers which has helped in creating a peaceful environment resulting in Purity of thought and action.

The school has developed a greeny playground having many more toys within the boundaries for safety of the students as well as the teacher along with CCTV Surveillance.

Sai Global Kids School always greets and welcome in the entry point to have greater success.

President's Message

Schools are the breeding ground of talent and skills where the future of a nation is sculpted and engineered. Teachers and management of Sai Global Kids School run by a society Srihetra Chintan Chakra work with a singular objective of fostering an environment that helps our students to hone their potentials and talent in an environment of joyful and harmonious learning while keeping alive the spirit of discipline and devotion to the society. Our school lays emphasis on a academic development and strive to mould our children for the competitive world of tomorrow. I am confident that under the able mentorship of our committed teachers, we will succeed in preparing our children to build a global perspective, ingrained with values of humility, honesty and integrity to overcome the challenges and be a role model in the society.

Principal's Message
